

DEER ACCIDENT RECORDS REQUIRED

**Every day deer are injured and
killed on the country's roads**

**There are an estimated 30-50,000 vehicle
collisions involving deer annually in the UK**

Leading also to around 15 Human fatalities

The Deer Collisions Project has been set up to establish the true extent and distribution of deer accidents; and to research deterrents aimed at preventing such collisions.

EVERYONE can HELP

**Anyone who is involved in a collision with a deer or
sees a deer that has been killed on the road can
report this on the Web:**

www.deercollisions.co.uk

Or by post:

PO Box 465, Bury St Edmunds, IP28 6XD

We seek details on:

Date (plus time if known)
Location (grid reference is best)
Deer Species (if known)
Car Damage & Human Injuries
